CSOURCE T-Bar Systems

Modular, Sturdy & Durable Design

Wirefab/Csource's 39+ years of fixture design and engineering know how, has resulted in a line of effective warehouse merchandising fixtures of unprecedented quality and value.

The true merit of a modular system lies in the integrity, stability, and longevity of its combined components. Csource engineers have achieved this by developing SturdyLock -- a solid, yet simple, mounting and locking system that will withstand the challenges of the ever changing warehouse floor. And since all Csource modular T-Bars incorporate Sturdy Lock there is NO HARDWARE to contend with, making assembly quick and easy.
