Metal Table Tops

PREMIERE PROVIDER OF QUALITY CUSTOM FIXTURES TO THE RETAIL INDUSTRY FOR OVER 40 YEARS

METAL TABLE TOPS

High-quality fixtures for the optimum return on your investment.

- Durable Construction & Finish
- Tool-Free Installation
- Enhanced Safety & Cost Saving Design

Featuring

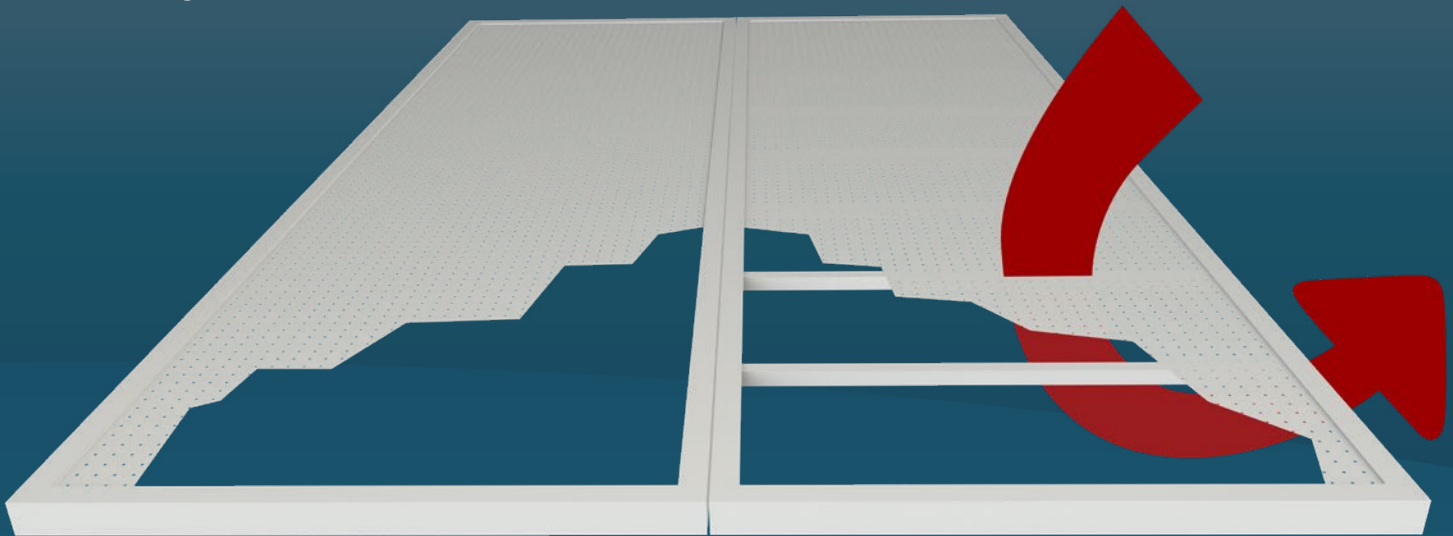

- 20 Gauge perforated material with 3/16" diameter holes for enhanced fire safety and debris flow through.
- 2" wide 1/8" thick formed angle frame for smooth, snag-free edges
- Durable powder-coat finish for long-lasting, smooth and clean surfaces
- Reinforced 1" square tubing (optional)

EXPERIENCE THE BENEFITS OF METAL TABLETOPS

Additional support recommended for maximum load bearing

Enhanced Dust, Liquid, & Debris Flow Through

Without Stiffeners

With Stiffeners

Perforated Metal Tabletops are the ideal replacement to outlast melamine when displaying clothing, books, baked goods, or other merchandise. You have the option to choose your tabletops without stiffeners or with stiffeners to maximize these benefits.

Metal tabletops are:

Safer by eliminating sharp corners and edges that can cut or snag

Cleaner with enhanced dust, liquid, and debris flow through

Long-lasting with smooth durable powder coat finish

Cost savers by reducing melamine replacement and costs associated with damaged tables

QUICK, EASY, TOOL-FREE INSTALLATION

Simply cap or replace melamine tabletops by installing the metal tabletops over your metal frames.

Recommended for tabletops without stiffeners.

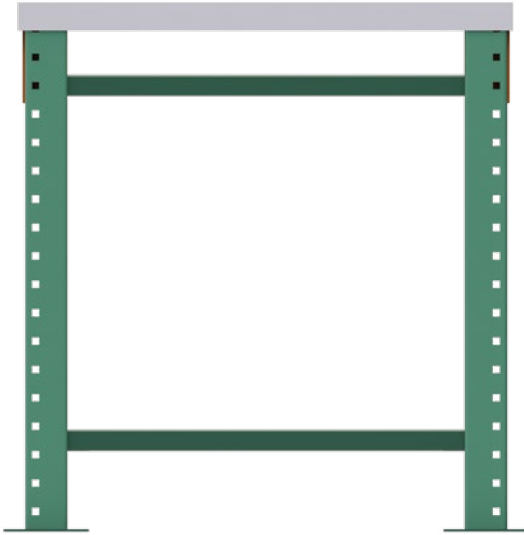

Tabletops with stiffeners may use centerboards for securing sign bars.

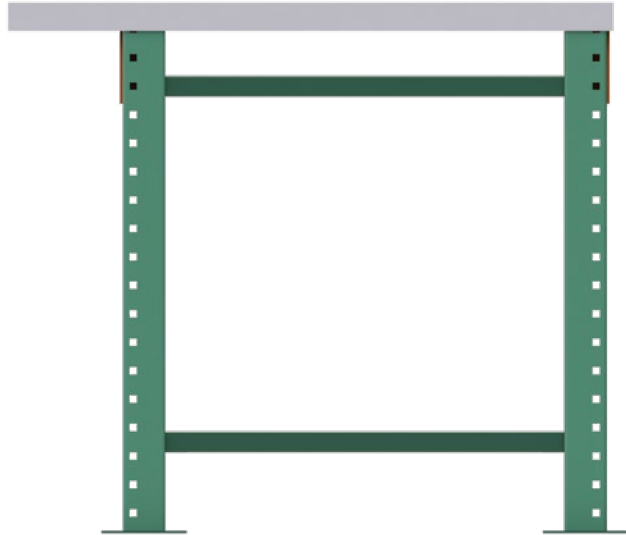

THE BEST FIT FOR YOUR STORE

Depending on the display configuration in various areas around your store, you have the option to choose between narrow-fit and wide-fit tabletops.

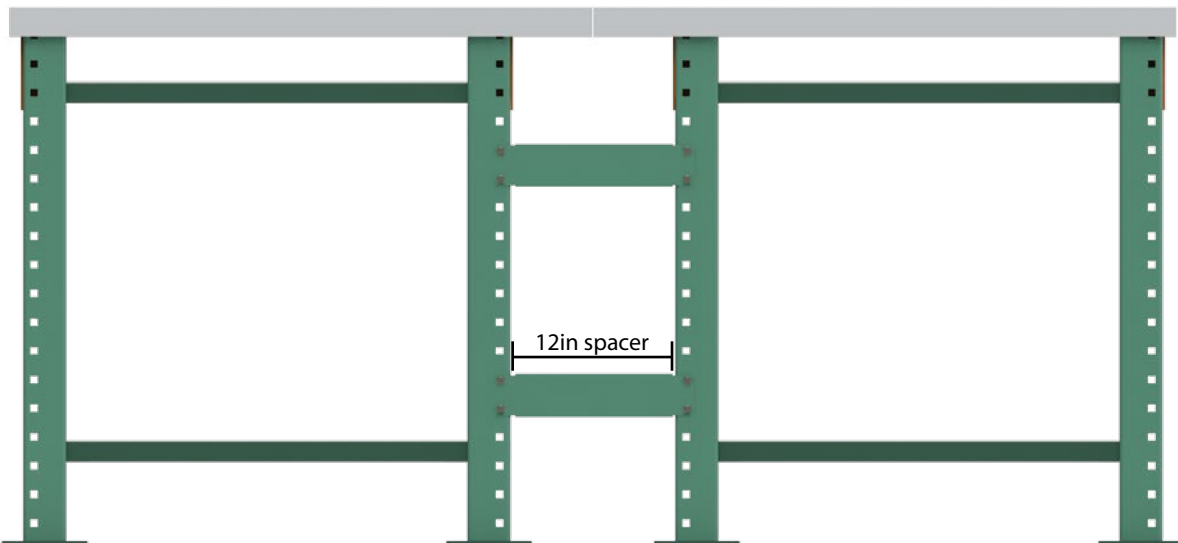

Narrow Fit

Wide Fit

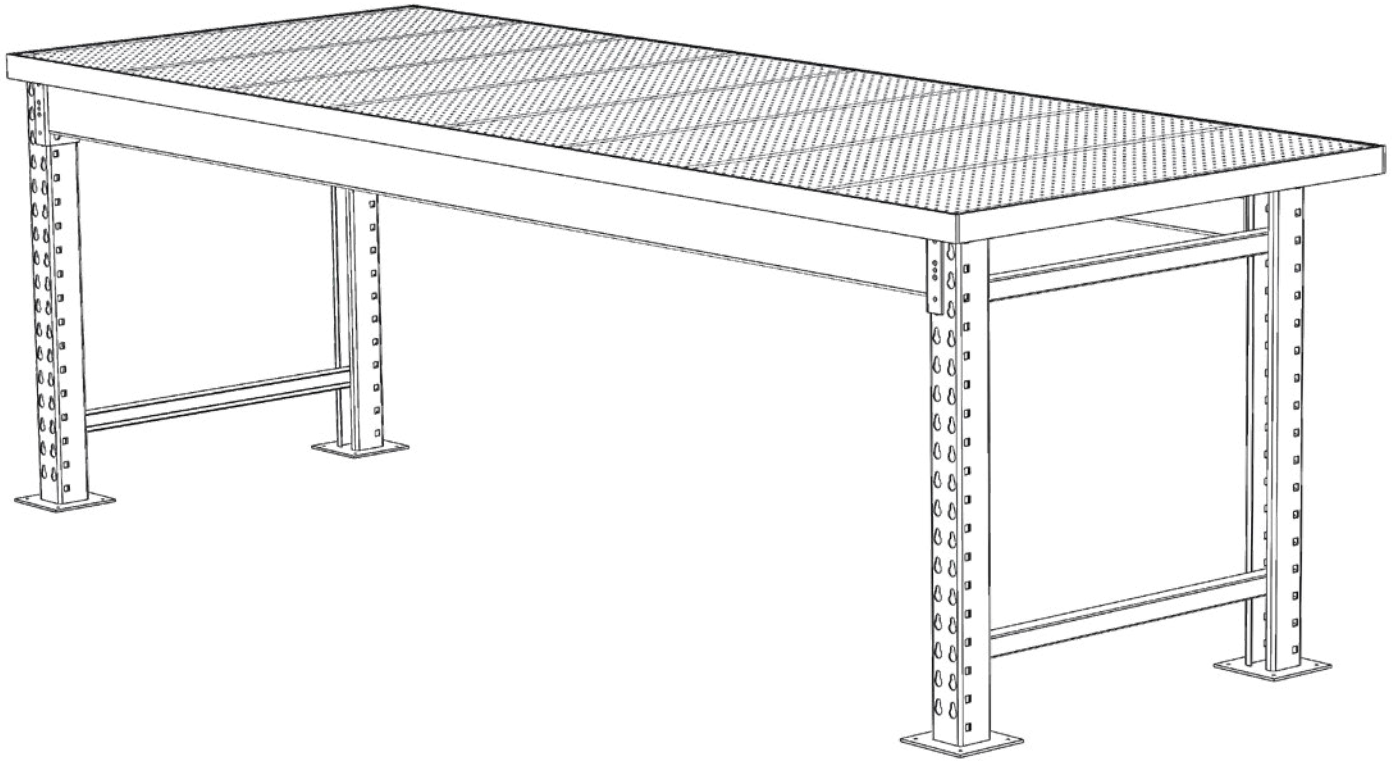

We recommend wide-fit for table configurations that utilize the 12" spacer bracket.

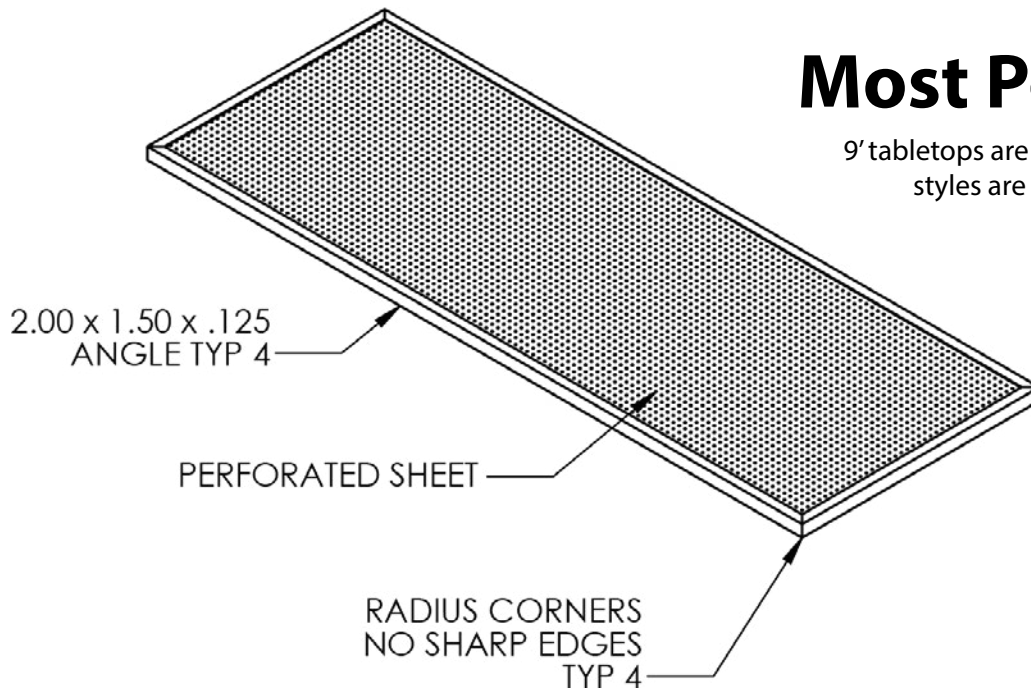

9ft TABLETOP

OVERALL DIMENSIONS

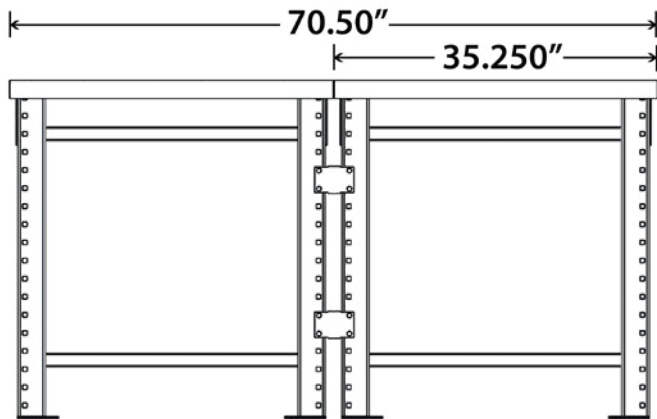

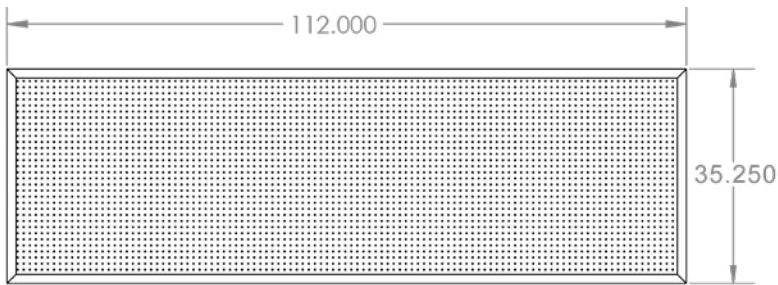

Most Popular Length

9' tabletops are the most commonly ordered length. All styles are typically in-stock and available in white.

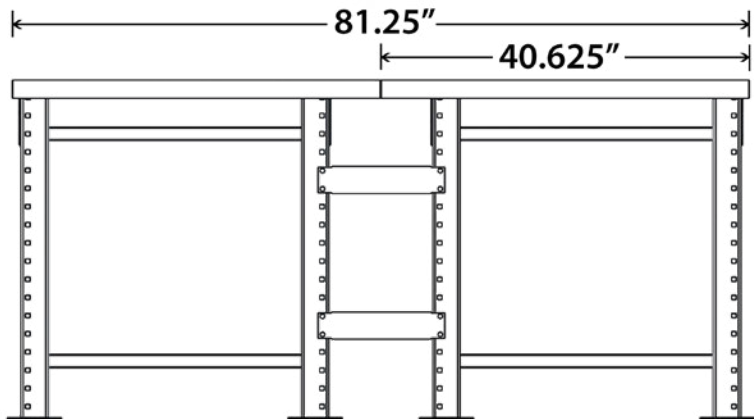

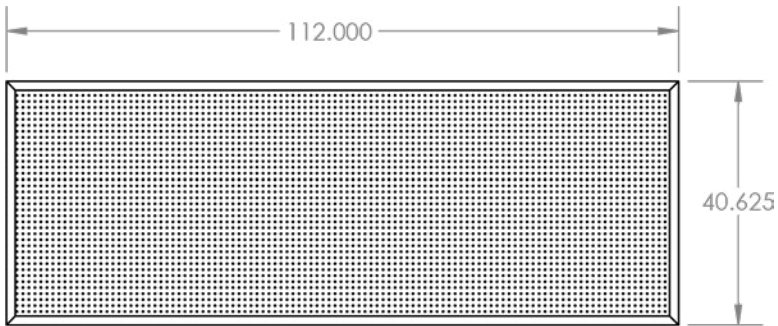

MEETS FIRE AND SAFETY CODES

NARROW FIT

TT-1	9' Narrow Fit, With Stiffeners
TT-6	9' Narrow Fit, No Stiffeners

WIDE FIT

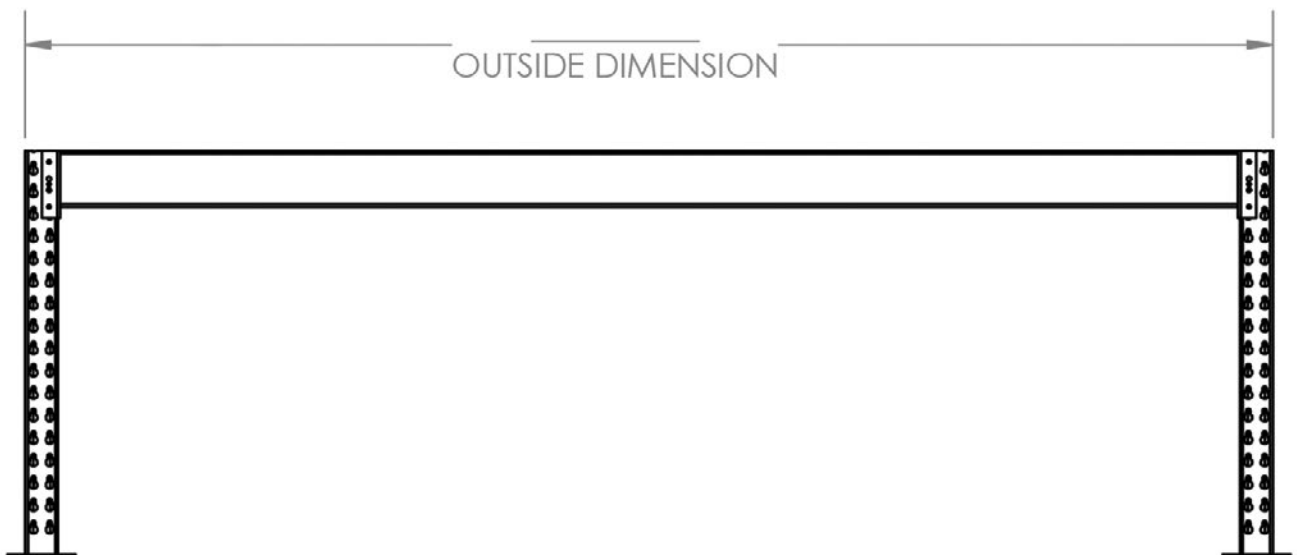

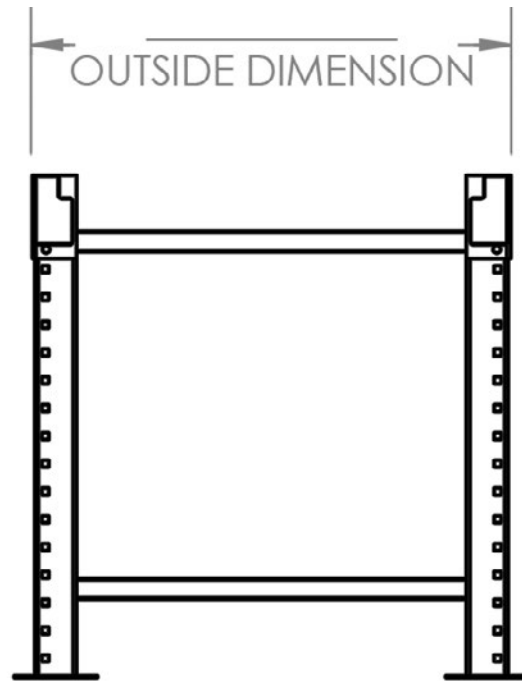

TT-2	9' Wide Fit, With Stiffeners
TT-5	9' Wide Fit, No Stiffeners

CUSTOM DIMENSIONS

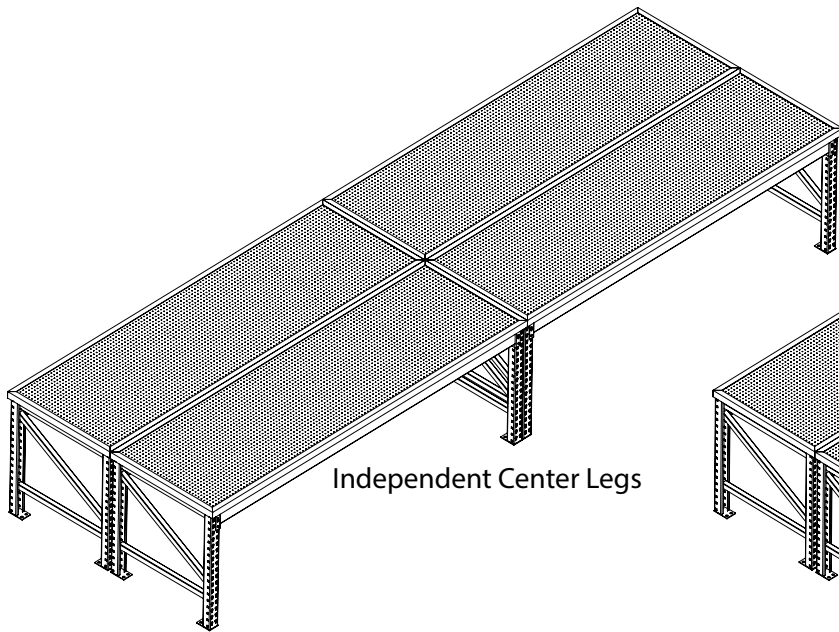

Would you like a different size?

Provide us with the following dimensions of your steel for a custom quote for your warehouse. Please note that custom tables will have longer lead times.

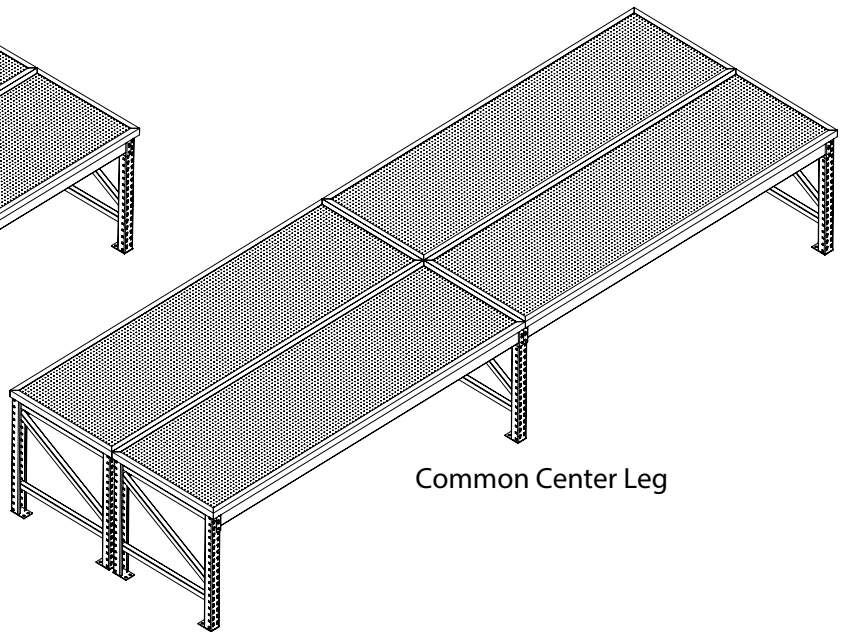

CUSTOM COMBINATIONS

Have a specific layout requirement?
Let us know and we can create custom combinations to suit your warehouse needs.

HOW TO ORDER

01

PICK YOUR TABLE

Decide whether you'd like a wide fit or narrow fit.
Would you like the added benefits of the stiffeners?
What length do you need 9ft, 12ft, or custom?

02

Order Together & Save

Let us know whether you are planning to redo all or part of your warehouse.
We'll factor that in to our production schedule so you avoid lead-times and can take advantage of volume pricing for orders of 50 or more tabletops.

03

Ship On Demand

We make it easy by charging as we ship.
We'll work with you to split your order over several periods to fit your budget.

*No crate shipping charge for orders of 14 or more
