TBar SYSTEM

Modular Merchandising Solutions

Wirefab/CSource's 42+ years of fixture design and engineering know how, has resulted in a line of effective warehouse merchandising fixtures with premium quality and value.

The true merit of a modular system lies in the durability, and adaptability of its combined components. This is achieved with the use of the SturdyLock technology, a solid yet simple tensioning system that can withstand the challenges of the ever changing warehouse floor. All CSource modular T-Bars have integrated SturdyLock so there is no hardware to contend with, making for quick assembly, easy storage, and endless options to meet any merchandising challenges.

MODULAR T-BAR MERCHANDISING SYSTEM

Developed by Merchandising Managers -- engineered and built by Wirefab / CSource

LARGE 3-PIECE T-BAR

PN: TB-1

The standard T-Bar with the additional benefit of modularity. Allows for quick and easy take-down and set-up to reduce back injuries. Components efficiently store in the backroom. Best if combined with the 3pc Storage PALette.

Features:

- 1- large horizontal bar
- 1- large vertical bar
- 1- 12" or 24" base

Specifications:

2" sq tube, 84" high, 76" wide, 24" base,
Powder coated steel (custom sizes available)

LARGE 2-PIECE T-BAR

PN: TB-3

The standard T-Bar with the additional benefit of modularity. Allows for quick and easy take-down and set-up to reduce back injuries. Components efficiently store in the backroom. Best if combined with the 2pc Storage PALette.

Features:

- 1- large horizontal bar
- 1- large vertical bar welded to 12" or 24" base

Specifications:

2" sq tube, 84" high, 76" wide, 24" base,
Powder coated steel (custom sizes available)

SMALL 3-PIECE T-BAR

PN: TB-2

Designed for use with table or pallet stacks. The Small T-Bar set seamlessly interfaces with the Large T-Bar components and all T-Bar shelving systems.

Features:

- 1- small horizontal bar
- 1- small vertical bar
- 1- 12" or 24" base

Standard Specs:

2" sq tube, 42" high, 60" wide, 12" or 24" base,
Powder coated steel (custom sizes available)

SMALL 2-PIECE T-BAR

PN: TB-4

Designed for use with table or pallet stacks. The 2pc Small T-Bar set interfaces with other modular T-Bar components and T-Bar shelving systems.

Features:

- 1- small horizontal bar
- 1- small vertical bar welded to 12" or 24" base

Standard Specs:

2" sq tube, 42" high, 60" wide, 12" or 24" base,
Powder coated steel (custom sizes available)

SMALL 1"-STYLE T-BAR

PN: TB-7

Designed for use with table or pallet stacks in centers, our new 1" T-Bar is a light-weight, cost-saving alternative to the 2" sq. tube T-Bar.

Features:

1- small horizontal bar welded to the vertical
1- 6" or 12" base

Standard Specs:

1" sq tube, 42" high, 48" wide, 6" or 12" base,
Powder coated steel (custom sizes available)

PRODUCE T-BAR

PN: TB-10

Smaller than our Large T-Bar, for use in the produce area. These T-Bar components interface with other modular T-Bar components and T-Bar shelving systems.

Also available in: 2-piece (PN:TB-11)

Features:

1- large horizontal bar
1- large vertical bar
1- 12" or 24" base

Specifications:

2" sq tube, 72" high, 60" wide, 24" base,
Powder coated steel (custom sizes available)

PALETTE (3-PC) T-BAR STORAGE SOLUTION

PN: TBP-1

Designed with the same footprint of a standard sized pallet. The 3-pc PALette T-Bar Storage Solution is capable of storing up to twelve modular 3-pc T-Bars along with six T-Bar shelves. It can be stored securely in your pallet racking, and moved around on a pallet jack or forklift.

Features:

- 1- pallet base
- 1- tube storage module
- 1- base storage module
- 1- shelf storage rack

Specifications:

40" x 48", 54" tall, Powder coated steel

SAFELY MOVE AND STORE T-BARS AROUND YOUR WAREHOUSE

Note: Shown loaded with (12) Large, 3pc T-Bars and Accessories. Sold Separately

PALETTE (2-PC) T-BAR STORAGE SOLUTION

PN: TBP-2

LARGE FREESTANDING ADJUSTABLE SHELF

PN: ATB-4

Originally designed with two shelves, the new large adjustable freestanding shelf will accommodate larger TV's and a variety of merchandise such as bicycles and seasonal items.

Features:

- 1- adjustable vertical bar assembly
 - 1- large shelf with zip-tie mounting holes
 - 1- 24" base
- Standard 3/8" hardware included

Specifications:

Adjusts 44" to 62" high, 48" wide x 32" deep shelf, 24" base, Powder coated steel

T-BAR TOP SHELF

PN: TBS-2

Developed to 'float' display models. Designed for mounting on a standard 2" square tube.

Also available in larger size (PN:TBS-3)

Features:

- Zip-tie mounting holes on shelf
- 3/8" mounting hardware included

Specifications:

TBS-2 - 48" wide x 32" deep

TBS-3 - 60" wide x 36" deep

Powder coated steel

Note: fits on standard T-Bar sold separately

FREESTANDING ADJUSTABLE SHELF

PN: ATB-3

This adjustable freestanding shelf has been used in many creative ways to merchandise a wide variety of items. One example is to place the shelf within a 4-square to display large electronic items such as stereos, phone sets, and video game consoles.

Features:

- 1- adjustable vertical bar assembly
 - 1- large shelf with zip-tie mounting holes
 - 1- 24" base
- Standard 3/8" hardware included

Specifications:

Adjusts 44" to 62" high, 24" base, 48" wide x 14.5" deep, Powder coated steel

T-BAR SHELF

PN: TBS-1

Developed to 'float' display models. Designed for mounting on a standard 2" square tube.

Features:

- Zip-tie mounting holes on shelf
- 3/8" mounting hardware included

Specifications:

32" wide, 14.5" deep, Powder coated steel

PLANT T-BAR

PN: TB-6

Convenient for plant displays. Modularity allows for quick and easy take-down and setup. Components efficiently store in the backroom.

Features:

- 1- horizontal bar with fixed vertical bar
- 1- 10" x 10" base

Specifications:

- 36" high, 24" wide, 10" x 10" base,
- Powder coated steel

PLANT SIGN BAR

PN: TB-8

Designed for the garden center to be used as a single plant sign holder. Lightweight design for easy and convenient use and storage.

Features:

- 1- vertical bar with 5"x7" fixed sign plate
- 1- 10" x 10" base

Specifications:

- 36" high, 10" x 10" base, Powder coated steel

CLOTHING DISPLAY ARM

PN: TBA-1

Designed to attach to any standard 2" T-Bar.
Conveniently displays hanging merchandise.

Also available in: 1" clamp design. (PN:TBA-2)

Features:

Easy installation, no sharp edges, powder coat finish

Specifications:

36" high, 5" wide hanger,
5/16-18 bolt head,
Powder coated steel

T-BAR EXTENDED SIGN BAR

PN: TB-9

Designed to extend the sign bar space. Attaches to 2" square T-Bar.

Features:

1- horizontal sign bar extension

Specifications:

32" wide x 32" deep
